

MAY JOIN ETRICK TO PETERSBURG

Question of Annexation Discussed in Common Council.

ANNIVERSARY OF MASONS

Advisability of Establishing High Schools Is Considered.

Times-Dispatch Bureau, 103 North Sycamore Street, Petersburg, Va., December 8.—The annexation to Petersburg of the village of Etrick, on the Chesterfield side of the Appomattox, is a question that has recently been much discussed both in this city and in Etrick. The matter has assumed additional interest by resolutions presented in the Common Council last evening by Councilman Robert Gilliam, Jr., which were adopted, providing for the appointment of a committee of three Councilmen and two Aldermen to inquire into the necessity and expediency of instituting proceedings looking to the annexation to the city of Petersburg of the town of Etrick and other portions of the county of Chesterfield adjacent to the city. It is further provided that this committee shall hear such residents of the town, the city and the county as may be affected by such annexation; and in case of a favorable decision to annexation, shall have the City Attorney prepare a proper ordinance for presentation to the Council, the report of the committee to be made at the February meeting of the Council. Opinion in Petersburg is favorable to the proposed annexation, though the scheme would involve considerable expense. In Etrick opinion is said to be divided, though the prospect of improved streets, electric lighting, water supply and other public improvements are inviting. Etrick is a pretty village, having a population, including its suburbs, of some 1,800 or 1,700 people. It has many handsome residences and a number of business houses. But many of its good people would prefer to have the town incorporated and to live under their own government than to be swallowed by their adjoining city.

Other Council Matters.
A resolution offered by Mr. Wilcox and adopted, provides for the appointment of two members of the Council and one member of the Board of Aldermen to be sent as a committee to represent the city at meetings to be held in Richmond January 6-7 to consider methods of reform in municipal government. A resolution offered by Mr. McCabe, and adopted, directs the School Board to enquire into the advisability of establishing night schools in the city.

The recommendation of the Finance Committee for the payment of a balance of \$450 to the City of Petersburg, which was adopted, directed the work at the city jail, caused much discussion because of the alleged bad condition of the jail and its heating plant. The jail and plant are both new. The matter was referred to a special committee for investigation and report.

Masonic Anniversary.
The celebration on December 15 by Petersburg Union Royal Arch Chapter, of the centennial anniversary of its charter, will be a highly interesting event in the Masonic annals of the city. Several of the grand officers of the State and prominent Masons of other cities will be guests of the chapter.

The principal guest will be Governor-Elect William Hodges Marm, who is to deliver an address on "The Influence of Masonry on the Social and Political Life of Virginia." A banquet will follow the formal ceremonies, at which regular toasts will be offered and responded to. Grand High Priest Charles L. Guy, of Norfolk, will be among the guests and speakers.

BAPTISTS LIBERAL IN MISSION WORK

Big Donations by Church in North Carolina During Year.

[Special to The Times-Dispatch.] WADESBORO, N. C., December 8.—The Baptist State Convention of North Carolina considered to-day reports of missions and Sunday schools, education, the theological seminary at Louisville, Ky.; ministerial relief and Woman's work.

The report of Livestone Johnson, corresponding secretary of the board of missions and Sunday schools gave the interesting facts that during the past year the convention has contributed to State missions \$39,456.20; to foreign missions \$39,107.22; to home missions, \$19,938.75; to Sunday school missions, \$42,267.41; to the Tichner memorial, \$4,613.93; and to ministerial relief, \$5,163.55.

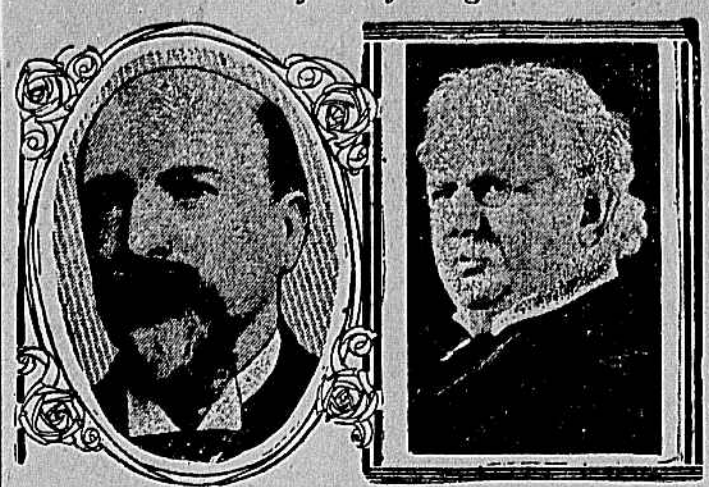

The committee appointed at the last session of the convention to consider the matter of establishing a home for aged ministers reported that the plan was not advisable.

The report of the committee on ministerial education recommended that prayer be made in the churches for more men of the right kind to enter the ministry, for churches to be more careful in the licensing of men for the ministry, and that the use of tobacco be discouraged by young men entering the ministry. Rev. C. M. Beach, of the board, said he was not willing for the board to give 1 cent toward the education of a cigarette fiend to preach the gospel.

J. W. Bailey, when speaking in the interest of the endowment of the seminary, urged the teaching of distinctive Baptist principles and doctrine. He said in this connection, "I had \$1,000,000, I would not give \$1 to Chicago University. Not that I envy Chicago University. Not that I envy any university, but I do wish that school would not label itself a Baptist institution."

The Women's Missionary Societies in the convention reported a total contribution of \$27,067.29 during the past year. This evening foreign missions was considered. Rev. A. J. Moncrief, reading the report on foreign missions, and speaking to the same, Rev. S. J. Porter, of Richmond, one of the secretaries of the foreign mission board, was the other speaker.

Telephone-Telegraph Merger to Be Subject of Legislative Probe

COLONEL ROBERT C. CLOWRY.

NEW YORK, December 8.—Theodore N. Vail, president of the American Telephone and Telegraph Company, the Bell interests, and Robert C. Clowry, president of the Western Union Telegraph Company, have been subpoenaed to appear before the legislative inquiry into the telephone and telegraph system of this State, now going on in New York. Mr. Vail will testify, according to Clowry, who will be called later.

This will be the first investigation into the recent \$60,000,000 merger whereby the Bell interests obtained control of the Western Union by the purchase of Gould stock. The Gould interests in the Western Union Telegraph Company retired to-day at a meeting of the board of directors, and they and others affiliated with the Goulds were succeeded by men representing the American Telephone and Telephone Company, the Harriman and Morse interests.

THEODORE N. VAIL.

The dividend of 3 per cent per annum was not changed, a quarterly dividend of 3-4 of 1 per cent being declared.

The following directors offered their resignations and they were accepted: Frank W. Gould, Howard Gould, Kingston Gould, John T. Berry, C. Stanley Shepard, G. W. E. Atkins, William L. Clarke, John B. Van Every, Thomas L. Hull and Alvin K. Smith. These men were succeeded on the board by Theodore N. Vail, president of the American Telephone and Telegraph Company, Henry S. Howe, John I. Waterbury, Robert Winsor, Henry P. Lovett, William H. Moore, Robert S. Lovett, representing the Harriman interests, Edward C. Hall, Union N. Bethell and Henry B. Thayer.

George J. Gould, chairman of the board and until recently accredited the largest individual stockholder, did not retire. Neither did Robert C. Clowry, the president and general manager, who is also a member of the board.

BOY TOO HARDENED FOR REFORMATORY

Will Be Turned Over to Authorities to Serve Sentence.

CHARTERS GRANTED BY STATE

Disease of Hydrophobia on Increase in North Carolina.

(Special to The Times-Dispatch.)

RALEIGH, N. C., December 8.—On recommendation of Superintendent Walter Thompson, of the Jackson Training School, Governor Kitchen has taken steps to revoke the pardon of William Webster, who, though young in years, has a remarkable record for crime, so much so that he was deemed entirely unfit to associate with the other boys in the reformatory. A little over a year ago he broke into a railroad car in Greensboro, and was pardoned from an eight months' sentence for this. Later he broke into a car in Salisbury, and was pardoned from a year and a half sentence for this. He is now in the reformatory, and is a criminal to associate with the boys in his institution. He will be sent back to Guilford county to complete his sentence, from which he was pardoned. Then he will be required to answer for the crimes in other places.

The town of Cary, in Guilford county, has awarded a contract for the installation of a complete electric lighting plant to supply the lights for the streets and for commercial purposes in lighting stores, offices and residences.
